

SUPERYACHT MONACO PREVIEW

Monaco Top New Concept Yachts

A host of new concepts are set to be unveiled at Monaco, giving yacht owners a chance to see the shape of things to come. We can reveal some of the new designs Charlotte Bailey

RMK MARINE 5000 EXPLORER/LEISURE

Designer: Hot Lab Yacht & Design

Why is she so special? In both an Explorer and a Leisure version, Hot Lab's RMK 5000 concept is designed as a long-range cruiser. Flexibility is a key element of the design. The Explorer version's aft deck accommodates a 10-metre tender, with a dedicated submarine holding and storage area for hovpods and other toys beneath, but it can also be converted to a touch-and-go helipad, with

winged shell doors for disembarkation of toys. In the Leisure version, a six-metre pool replaces the helipad.

Look out for Sundeck dining in the concept's Explorer version, with 360° views in a closable indoor-outdoor area.

DATA LOA: 43.0m. Guests: 10. Top speed: 14 knots. Website: www.hotlab.it

Stand location QC3
